Who is Countryman Safety?

Countryman Safety is an Indigenous-owned and operated venture, Managing Director Lawrence Hillary is a Yamatji man from the Nanda language group in the Mid-West of Western Australia.

Lawrence brings a wealth of experience including extended periods in policing, native title and fisheries.

Since 2016 Lawrence has been managing indigenous business's and passing on the real world benefits that Indigenous enterprises bring to Aboriginal people and their communities.

Countryman's national team share the vision that successful Indigenous business's have a social responsibility to generate positive flow on benefits for Aboriginal individuals and communities.

Lawrence's professionalism and commitment to making Countryman Safety a trusted and reliable safety supplier is complimented by our national capability partner that has been operating in Australia for over 30 years.

Countryman's customers have the benefit of a national supply chain that has serviced some of the biggest mining, construction and rail projects in the last three decades.

What We Do

Countryman Safety are a distributor of premium PPE and Workwear through our national network of branches across Australia. We have a very strong focus in managing and customising workwear and corporate wear.

A stylized, handwritten signature in black ink, appearing to read 'Lawrence Hillary'.

Flammable Dangerous Goods Storage Cabinets

Flammable Safety Storage Cabinets provide a safe, close-by, secure and time-saving method for storing all types of dangerous materials and help you to maintain good housekeeping practices.

All Justrite cabinets are fire tested to comply with the FM rating, something no other cabinet sold in Australia can claim, they also not only comply, but exceed Australian Standard AS 1940.

They help companies by providing product near to the workplace thus avoiding the time consuming and often risky practice of collecting from an outside storage facility.

Storage Cabinets			
Item	Capacity	Description	Code
A	250L	2 Shelf, 2 Door, 9 x 20L Drums	9MC25452
B	160L	1 Shelf, 2 Door, 6 x 20L Drums	9MC25302

J	205L	205 Lt Horizontal Drum, 2 Door	9MC25714

Aluminium Cylinder Lockers

- The "No Rust" Solution
- 12 Modular Styles to select from
- These Aluminium Cylinder Lockers are manufactured to comply with AS 4332 - 2004.
- For the safe storage and handling of Gases in Cylinders.

Cylinder Lockers offer superior features that make these units extremely durable and easy-to-use.

Constructed of 100% welded aluminium they will not rust, corrode or discolour. The expanded 7 mm thick metal panels are the strongest in the industry, offering additional resistance to tampering.

Welded security lug on front panel door accepts a padlock (not included) for extra security. Heavier gauge aluminium mesh and extruded (not bent) frame adds rigidity.

All models have an exclusive solid aluminium roof panel that slants toward the back to shed water and ice. Cylinder Lockers offer superior features that make these units extremely durable and easy-to-use.

Aerosol & Compressed Gas Cylinders Storage			
Item	Storage Capacity	Dimensions	Code
A	Vertical 5 to 10 Cylinders	760W x 1800H x 815D	9MC23006FLM

E	Vertical 2 Cylinders	760W x 960H x 415D	9MC23012

Spill Containment

EcoPolyBlend Spill Pallets with Seamless construction manufactured in 100% Polyethylene, eliminates leaks construction is nearly impervious to chemicals including acids and corrosives.

Sturdy, self-locating grates eliminates the chance of "ride-up" and remove for easy cleaning. Keep personal safe from accidental spills, limits exposure and clean-up costs from hazardous spills.

You will comply to EPA requirements if a bund holds 110% of the largest drum being placed on the spill pallet or 25% of the total volume stored.

All models are available with an optional Drain Plug Kit, fitted prior to dispatch.

Ecopolyblend Control Pallets / Work Centres				
Item	Type	Capacity	Load	Code

C	4 Drum	250 Litres	2268kg	9MC28635
C	2 Drum	250 Litres	1134kg	9MC28623

Spill Kits

We have a large range of spill kits, absorbents and accessories that will allow you to quickly contain and clean up spills. We will recommend a "fit for purpose" kit to help your company minimize risk and meet environmental obligations.

Emergency Safety Showers & Eye / Face Wash Units

- Non-clogging, self cleaning shower heads (supplied to fit any application)
- Impeller action shower heads
- Complete body coverage for faster decontamination
- eye washes provide soft dual streams of aerated water

All of our Emergency Showers and Eye/Face Washes have independent laboratory accreditation to the Australian Standard Requirements.

Manufactured to withstand even the most hardy of working environments.

Key Capabilities

Countryman Safety are proudly associated with their capability partner Safeman Australia who over the last 30 years have successfully become one of the largest independent suppliers of Safety Equipment and workwear in Australia.

PPE and workwear is much more than a commodity and Countryman Safety prides itself on providing the right advice, offering tailored solutions to suit your workforce. Our capability means we are able to deliver on our promises.

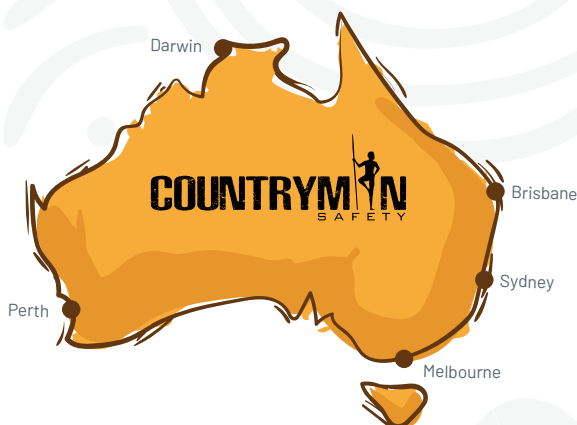

Supply Nation Certification

In November 2019 Countryman Safety was officially certified by Supply Nation as a Certified majority owned Indigenous business.

The certification is a Nationally recognized accreditation and is a baseline requirement for Indigenous companies supplying goods and services under the Indigenous Procurement Policy.

This means you can be confident when dealing with Countryman Safety that you are supporting indigenous business.

National Footprint

Countryman Safety has access to a vast selection of PPE, workwear and safety boots with National coverage from facilities in Perth, Darwin, Sydney, Melbourne and Brisbane.

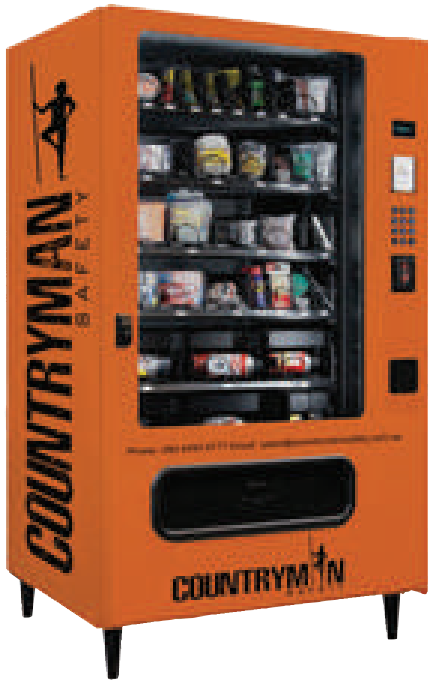

Our National footprint is a key strength in our service capability.

Buying Power

Through our network of suppliers and importing channels we can deliver competitive price to all our customers.

Experience

Industry experience of supplying goods to all major industries, specializing in mining, oil and gas, construction infrastructure and rail.

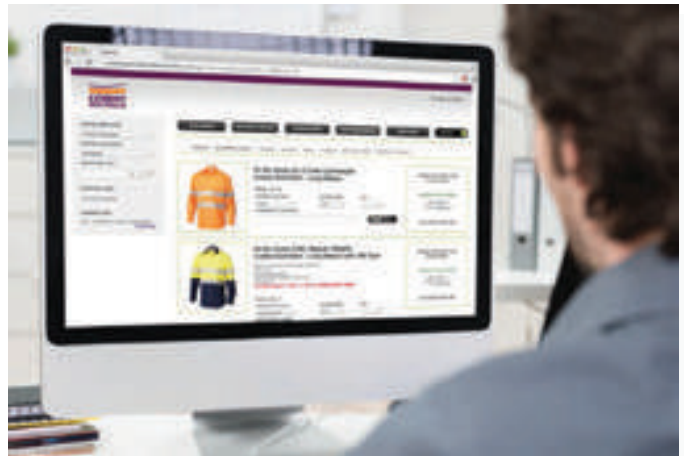

Site Specific Solutions

Supplying remote sites can be challenging, we like to think outside the box and can tailor a package to suit our customers ever changing needs.

- Vending machines
- On site fit outs
- Safety toolbox talks
- Safety audits
- Container Facility management

B2B Solutions

Countryman can tailor a B2B solution to suit your business. **Total Apparel Management System (TAMS)** is our custom designed full punch out online catalogue that maintains employee records, access to orders at any time and control functions to manage usage and cost.

Fit-out Facility (Kewdale, WA)

In-House Resources

Countryman Safety has access to various in house resources which improve supply chain efficiencies.
